

## **My Milestones for the FIFe Breed Council for Sphynx**

- 18th December 2002** I founded the Yahoo! discussion Group at <http://groups.yahoo.com/group/BC-Sphynx/>  
The next member was Jan Plumb immediately followed by Maria Norberg who both joined on the founding day!
- 22nd December 2002** Julie Williams joined the Group, from Texas!
- 30th December 2002** Annette Thorning joined the Group, so by the end of December, we already had five Group members, from four countries - a great start!
- 31st July 2003** In reply to a mail from myself, Penny Bydlinski agreed that applications for the SPH BC would be considered favourably even though some of the qualifying conditions could not be met. She also offered to make contact with some breeders to suggest that they applied to become BC members.
- 1st October 2003** Maria contacted me to ask if I thought that she could be a BC member and on the 7th she sent in her application.
- 15th October 2003** Penny wrote to me that she hoped she had persuaded Miguel and Sue to apply for BC membership.
- 3rd November 2003** Penny wrote to me that Maria, Miguel and Sue are now BC members
- 4th November 2003** After getting Penny's mail, I wrote to Maria, and commented that the BC needed its temporary secretary. I made the suggestion that perhaps she should ask Penny if she could take on the job.
- 6th November 2003** Maria confirmed as temporary secretary.
- 10th November 2003** I put my first pages for the SPH BC website on line.
- 3rd January 2004** Maria confirmed as the SPH BC Secretary.

Now at this date, the Group has fourteen members, and the BC has six from four countries.
